

In response to your RFAI concerning the October Quarterly Report, upon closer review we realized we had inadvertently entered a single \$2,300 contribution from Brant Maller twice (7/19/08 and 7/31/08). We have deleted the July 31, 2008 contribution in the accompanying amended report. As the contribution was not actually received a second time, no 48 hour notice was required on July 31.
